

Prior to completing an application, please read the entire Vendor Application and Agreement and make sure your product meets the criteria and that you can meet the rules of the market. If you have not visited the market before, we strongly encourage you to do so before submitting an application. The Lake Nona Farmers Market is a year-round weekly Farmers Market and not a one-time festival. Please keep this in mind when applying to become a vendor.

Vendor Booth is \$35 per 10x10 space

The primary theme of the market is related to produce, plants and specialty foods. Other products and goods that are accepted are intended to supplement the core theme while adding color and variety to the marketplace. While not all of our supplemental products are homemade and/or handcrafted, we strongly emphasize those. Commercially manufactured products are not a good fit for the Farmers Market

Product categories that we do not accept are:

1. Informational and / or promotional items
2. Charitable / Fundraisers
3. Franchise, direct sale, and / or retail business
4. Commercial / mass produced products (with or without an internet business)

Approved vendors at the Farmers Market must have a "Business License" from the city in which their business is located. If the vendor does not reside in the city, vendor must obtain a business license from the county.

The licensing for food vendors varies depending on the type of food and whether you are operating under Cottage Food Laws. My suggestion if you are a food vendor is to visit the market and talk with vendors with similar type products about what licenses are required.

It is the responsibility of each vendor to obtain all appropriate licenses and to have those in their booth at all times.
